**GUARANTEE.**—We take the greatest pains to have every plant marked true to name. Any plant incorrectly marked will be promptly replaced, or money returned. We do not guarantee any more than the original cost of the plant.

We can not guarantee plants to live, at the prices of this catalogue. We send out young, thrifty plants, which should live if properly planted and cared for.

Delivery of all packages to freight or express free.

We do not pay either freight or express.

All plants at the risk of the purchaser after they are delivered to the public carrier.

Please say whether you will have your order sent by freight or by express.

Meeting dates: Where sufficient notice is given, weather permitting, plants will be shipped on a given date.

Please give date on which you want them shipped, and not the date on which you want them to arrive.

No man living can tell how long it will take a freight package to reach any point in the country, at a moment's notice.

On orders received before the middle of March, the schedule time of freight will be ascertained, if desired.

Express packages arrive in Boston on day of shipment.

Express packages arrive in New York on following day.

Freight packages arrive in Boston the day after shipment.

Freight packages due to arrive in New York the day after shipment.

**TERMS.**—Cash with order or satisfactory references, except where parties are known.

Bills of regular customers become due June 1st for Spring shipments; January 1st for Fall shipments.

Box, 10 cents to 50 cents. Bales 25 cents to \$1.50.

## THIS INSTRUCTIVE BOOK FREE

THE Farmer's Handbook contains the facts and figures which conclusively prove that orchardists who use

**DU PONT**  
**Red Cross Dynamite**

for Tree Planting or Regenerating Old Orchard, are destined to be rewarded with trees of better growth and yielding earlier and more prolific crops.

You can use Red Cross Dynamite as successfully and profitably as those who have cited their experience in this valuable book which should be carefully read by every fruit grower.

Tree Planting with Red Cross Dynamite has the unqualified endorsement of America's leading orchardists. Follow their method as described in this book. Avoid first year losses by setting your trees in holes made by using Red Cross Dynamite—an explosive especially designed for agricultural purposes.
